Canto Maxi Kubi 2 provides a unique lighting experience, where light flows both up and down. The cubic design exudes Scandinavian minimalism and makes the lamp both decorative and sculptural. Canto Maxi Kubi 2 can be connected in parallel to multiple lamps, making the lamp extremely functional. Designed by Danish designer Bønnelycke MDD.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes the galvanised steel to develop a beautiful, darker patina.
